Description

Design and function

Applications

For use as a man-overboard marker, designed for mounting on the ship's bridge together with lifebuoy.

Design and function

A combined day and night marker (giving 2 hours light and 15 minutes smoke) with lithium battery sealed for life. Maximum storage height is 45 m.

General

The IKAROS Man-overboard (MOB) signal is approved globally and meets the latest SOLAS 74/96 regulations.
